

## NEW PIT LADDER NOW AVAILABLE FROM KONE SPARES !

A newly redesigned modular style pit ladder is now available at KONE Spares. With durable, lightweight construction, it is comfortable to climb and easily assembled on site to allow for easy and cost-effective shipping. With great adjustability, it functions well in tight spaces and complies with A17.1 code.

### **Key Features include:**

- Galvanized steel & aluminum
- Modular design. Standard size range from 8 ft – 20ft. (increments of 2 ft)
- Adjustable 4.5" -7" from center of rung to pit wall.
- Lightweight aluminum rungs with non-slip surface
- Custom widths available with short lead times
- Rated for 300 lbs.
- Complies with A17.1a-2008 section 2.2.4 code
- Lightweight design – 8 ft ladder weights only 15 lbs.
- Quick assembly
- Ships disassembled very compact in own box.
